

# ADVISORY FOR PARENTS AND CHILDREN DURING CORONA EMERGENCY

**Cyber Crime Wing (CCW) - FIA**

Ministry of Interior

Government of Pakistan

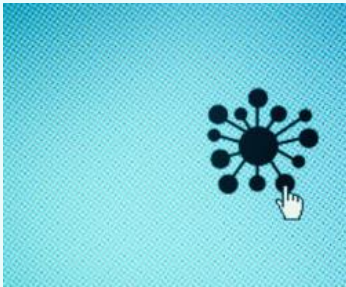

## Context

In view of the latest outbreak of Corona Virus, students are currently on their holidays and are likely to spend much of their time on internet surfing.

Cyber Crime Wing, FIA, being the front line fighter against such cyber criminals, wants you to be aware of the risks of cybercrime and the recourse you can take in case you are victimized by the cyber criminals.

## POSSIBLE RISKS

- Cyber Crime Wing, FIA wants you to be aware of the risks of cyber crime which children and youngsters are prone to while they are on the internet.
- Beware that a few male/ female criminals mask themselves as someone who they are not and then lure youngsters/ children into their trap by making friends with them on social media channels. In doing so they trap children/youngsters into doing objectionable activities which may be filmed and used for pornography against consent.
- Such criminals may also convince children and youngsters for sharing their extremely private, often nude, pictures with them which they later use to blackmail them with the threat of sharing the same with their family members or the friends.

## Preventive Measures

Following guidelines can save you from the burnt of agony that being blackmailed ensues:

1. Never share personal information/ private pics / videos with any one on social media.
2. Never accept “friend request” from any stranger
3. Youngsters should be allowed to use internet only under supervision and in a shared space
4. Never stay silent if you have become victim to a cyber Crime of any sort including blackmailing, Harassment or bullying.
