

DG FIA Dr.Sanaullah Abbasi urge INTERPOL platform to be more dynamic in facilitating the member countries

ICPO INTERPOL in collaboration with Singapore Police Force has organized one day E-Training Course on Basic Cyber Crime Investigation and Digital Evidence handling for all INTERPOL Member Countries.

Dr. Sanaullah Abbasi, Director General FIA/Head of NCB INTERPOL Pakistan also addressed the audience and highlighted the issues related to use of social media investigation specially the problem being faced by the cyber crimes investigator in collecting the digital evidence from the online social media providers. He suggested to make the INTERPOL platform more dynamic in facilitating the member countries for the gathering of digital evidence from the online social media providers, so that the culprits could be brought to justice and creating the deterrence for the criminal and to make the society free from cyber crimes in all manifestation.
