**DG FIA Dr. Sanaullah Abbasi visits National Radio
Telecommunications Corporation (NRTC) – Haripur**

Director General, Federal Investigation Agency (FIA) visited National Radio Telecommunication Corporation (NRTC) at Haripur. CEO/MD NRTC, Brig Tofique Ahmed, received DG FIA at NRTC and briefed about a number of hi-tech solutions and products indigenously developed at NRTC. DG FIA took keen interest in the modern solutions and products in the area of cyber domain and expressed desire for ongoing collaboration.

FIA, being the leading investigation/prosecution agency for Cyber Crimes in Pakistan, is constantly revamping its capabilities both in terms of workforces as well as tools and technologies in the area of digital forensics, as well as cyber crime investigations.

Both the organizations agreed to collaborate on capacity building and hi-tech tools and technologies. This will help curb the growing menace of cyber crime in Pakistan.
