

PRESS RELEASE

Islamabad, Tuesday 31st August 2021 – A meeting between Dr. Sanaullah Abbasi, PSP, Director General Federal Investigation Agency and Delegation from NATIONAL CYBER SECURITY AUDITING AND EVALUATION LAB (NCSAEL), MCS-NUST, held at FIA Headquarters. The Director CCW along with technical team and Director FIA Academy also attended.

DG-FIA emphasized upon cyber security and related issues of modern era and the role of FIA to trace and track down cyber criminals in particular people involved in Terrorist activities, Child Pornography, Financial Frauds and Hate Speeches etc. He explained that the use of Information security is significant to ensure the data security and its usage within FIA and all other organizations within Pakistan.

Director (NCSAEL) elaborated on ongoing projects and introduced their advancement on upcoming security issues and techniques. He also explained how the information security could be used for individual and at organizational level. He extended his full support in all future endeavors of FIA, in the field of information technology. It was mutually agreed that liaison between FIA and NCSAEL will be established for mutual cooperation and to cope with issues related to the cyber patrolling.
